POLICY

Mount Eliza Secondary College is committed to providing a safe, supportive and inclusive environment for all students, staff and members of our community. Our school recognises the importance of the partnership between our school and parents and carers to support student learning, engagement and wellbeing. We share a commitment to, and a responsibility for, creating an inclusive and safe school environment for our students.

The programs and teaching at Mount Eliza Secondary College support and promote the principles and practice of Australian democracy, including a commitment to:

- elected government
- the rule of law
- equal rights for all before the law
- freedom of religion
- freedom of speech and association
- the values of openness and tolerance.

This policy outlines our school’s vision, mission, objective, values and expectations of our school community. This policy is available on our school website, our staff induction handbook and upon request at Administration.

To celebrate and embed our Statement of Values and Philosophy in our school community, we

- display posters and banners that promote your values in our school

- discuss our values with students in the classroom, meetings and assemblies.

VISION

Mount Eliza Secondary College’s vision is to create a collaborative and personalised approach supports students and staff as active learners. We work to empower students to be their best by questioning their experiences, expressing themselves with confidence and participating in local, national and global communities. As an International Baccalaureate Candidate School our program at years 7 - 9 focuses on the building of capabilities that are cross curricula and transferable.

We are committed to safety and wellbeing for all young people and this is the primary focus of our care and decision-making.

MISSION

Our motto is 'Educated for excellence, Prepared for life' and this is reflected in the setting of high expectations for students, staff and our community

OBJECTIVE

As a smaller secondary school setting, we use our knowledge of, and close relationships with our students to focus on a learning experience that is both challenging and supportive. The same approach is applied to all members of staff whose work environment reflects an expectation for life-long learning.

In preparing students for their future, opportunities to make improvements in the way in which they go about their learning and interact with others is specifically taught, reflected upon and further developed.

VALUES

Our driving values are Happy, Smart, Prepared.

Because we believe that no student can learn unless wellbeing needs are met, and that being 'smart' can be demonstrated in many ways, our programs are broad and inclusive and allow for recognition and success beyond the traditional areas of study. We are also committed to the future of every student after school, and provide genuine learning opportunities for the broadest range of skills and attitudes required to support this commitment.
