2022 Year 11 into Year 12 Course Selection

Dear Student and Parents/Guardians,

Beginning next week, **from Tuesday 20th July**, you will be required to submit your 2022 Year 12 subject selections. There will be many of you that will not require changes, nonetheless, you will be required to briefly **meet with Mrs Bell** to finalise your subject selection for 2022. At this appointment, you must bring your filled out course selection sheet, signed by a parent/guardian, in order for your selection to be considered. You can book your appointment, via your Compass portal. If your appointment is during class time, you have permission to leave and return to class at the end of your appointment time. All appointments will be held in Leanne's office.

Prior to your appointment, it is advised you reassess your further study or career pathways before confirming these subject choices. Please use the VTAC guide to check pre-requisite information for tertiary courses that you are interested in, or alternatively we encourage you to book a meeting time with Leanne who can help you with this information.

The **Course Selection Guide** can be found on the college website, click on **Publications>Student/Family Information**. We have also created a Podcast for you to listen to the perspectives of teachers and students in different subjects.
