### **2022 Year 9 into Year 10 Course Selection**

Dear Student and Parent/Guardian,

Beginning next week from Tuesday 20<sup>th</sup> July, you will meet with a Course Counsellor and your parent/guardian to select your Year 10 subjects for 2022. Parents will be required to book an interview time, via Compass, with their individual parent login details to select a time for the interview. It is compulsory for students in Years 9 and 10 to attend an interview to discuss the pathway(s) most suited. Course Counsellors will call students and parents/guardians via TEAMS at the appointment time. Please make sure students are logged in ready to go, prior to the session. If an appointment is within school hours, the student will be given permission to leave class and meet with the staff member for the interview, and return to class after its completion. In this case, it is important that parents still have access to their child's TEAMS account from their location.

In the meantime, we recommend reading through the Course Selection Guide, which can be found on the college website under Publications > Student / Family Information. We have also created a Podcast for you to listen to the perspectives of teachers and students in different subjects.

If you have forgotten your login details, you can reset your password and Compass will send you a temporary password via email. If you are having trouble accessing COMPASS please contact the school for your code on 9788 6288.
