

June 2019

Dear Student, Parent/Guardian,

Thank you for attending the Course Information Evening on June 17th. Attached is a Course Planning template which will assist you to select subjects for Year 9 2020. Please use this in conjunction with the Course Selection Guide 2020.

We ask students to choose carefully. Assistance in making choices can be gained from a number of areas: your mentor, the careers co-ordinator, subject teachers, and the Wellbeing Leaders are happy to provide advice. When making choices students should give thought to what they are interested in and what they are good at and select subjects based on their own preference NOT those of their friends. If students choose a subject that they are good at and enjoy, there is a good chance of success.

In Year 9, students will be allocated four elective subjects. Students will be asked to list the 11 elective subjects which are offered in order of preference, 1 being the subject the student most wants to study to 11 being the subject not as least favoured. As a family you are asked to use the attached planning sheet to arrive at your preference list. In Term 3 once you have received information about how to log on to the online portal (approximately in week 2) you will be able to transfer your elective preference list onto the portal.

There are a number of elective choices offered to Year 9 students including: Visual Arts, Performance Arts, Media, Dance, Visual Communication Design, Humanities, Outdoor Education Semester 1 Surf, Outdoor Education Semester 2 Snow, Science, Food, Textiles and Industrial Design Technology Creativity in Wood and Metal. Subject descriptions and fees related to each of these electives can be found in the **Course Selection Guide** on the college website, click on **Publications>Student/Family Information**. You can also find information about the electives offered in Year 10 in this Guide.

If you require any further information, please contact your student's Year Level Leader.

Year 8 2019 into Year 9 2020 COURSE PLANNING

Student Name:

Students are automatically enrolled into Language & Literature, Individuals & Societies, Maths, Language Acquisition (Indonesian), Science, Health & PE and CONNECT
